

# Quality Assurance Technician

— A ROVENSA COMPANY —

O.G.T is an Irish company with over 15 years' experience in producing and distributing products based on *Ascophyllum Nodosum* Seaweed for the Amenity, Crop Nutrition & Animal Feed sectors. In 2014, OGT joined Tradecorp International, one of the main players in the Plant Nutrition Market worldwide. In 2019 we became a part of Rovensa, a business group with several companies that share their synergies for one purpose: feeding the planet through healthy and safe solutions enabling a well-balanced and sustainable agriculture.

As part of a growing Quality and R&D team at OGT Ireland Ltd, we are currently seeking applications for the position of **'Quality Assurance Technician'** based at our factory in Kilcar to commence September 2021. This is a full-time permanent position.

The successful candidate will be responsible for the development and maintenance of our quality standard operating procedures, dealing with our organic and feed certifications, organising routine laboratory analysis and much more while contributing to the ongoing growth and development of the department and company as a whole.

Ideally the candidate should:

- have a minimum qualification of BSc, (Level 7) on the National Framework of Qualifications in a related Science field.
- have excellent interpersonal skills.
- have the ability to work both individually and as part of a team.
- be IT literate with a good working knowledge of Microsoft Office Applications.
- be organised, rigorous, autonomous, hard-working, and motivated.
- have experience in a similar role.

**Apply now:**
